

A Past Life Regression Seminar

with Stephen Poplin, M.A., CHT

21 – 28 June 2019

PAŠMAN, Harmony in Croatia

YES. A past life regression intensive for spiritual therapists and soul seekers who want to learn the basics of past life recall. More experienced therapists can broaden their skills in the area of past life therapy. The intensive will be experiential in that Stephen will demonstrate specific techniques on volunteers, and then the students will conduct regressions on each other – supervised, of course, to assure a smooth and successful experience.

* **Stephen will supply hypnotic scripts. These will be translated into Slovene and Croatian and ... (other languages?) before the program**

Certificate of Attendance!

Points to be covered:

The varieties of hypnotic states and past life recall, pre-incarnational issues, the importance of the initial talk, hypnotic techniques, effective scripts, the super-conscious & the subconscious, understanding karma, anticipating resistance and persistent patterns, spiritual perspectives, other dimensions, cleansing and clearing, forgiveness and letting go, karmic relationships, and life lessons.

Furthermore, be prepared for some Fun and Movement! Bring comfortable clothes, your favorite pillow, a comforting blanket, and a desire to explore!

This will include a group Past Life Experience!

Venue: Harmony, island of Pasman, Croatia
